Virginia Polytechnic Institute and State University

Master's of Science in Computer Science

Aug. 2021 – May 2023

Blacksburg, VA

- **Coursework:** Information Retrieval, Programming Languages

University of Cincinnati

Bachelor's of Science in Computer Engineering

Aug. 2013 – May 2018

Cincinnati, OH

- **Achievements:** Admitted in honors International Cooperative Education Program for German Experience, Cincinnatus scholarship recipient
- **Minors:** Computer Science, German Studies

PROJECTS

3DUI Virtual Reality Technique Enhancement

Research Project

Oct. 2021 – Present

- **Summary:** Research and improve upon several classic 3DUI interaction techniques in virtual reality
- **Discipline:** Human-Computer Interaction
- **Technologies:** C#, Unity, SteamVR

Empirical Evaluation of Web Applications using JavaScript and WebAssembly

Course Project

Aug. 2021 – Dec. 2021

- **Summary:** Creation of WebAssembly and JavaScript workbench for evaluation of programming language execution time and energy efficiency
- **Discipline:** Software Engineering
- **Technologies:** Go, JavaScript, Rust, HTML/CSS, Git

Empirical Study of Neural Question-Answering Models

Course Project

Aug. 2021 – Dec. 2021

- **Summary:** Generation of Jupyter Notebooks to test and compare deep neural models against question-answering task
- **Discipline:** Machine Learning
- **Technologies:** Python, Jupyter Notebook, Git

SKILLS

Programming Languages : JavaScript, Python, Go, Java, C#, HTML/CSS

Tools : Unity, Git, Jira, Figma, Cucumber, axe DevTools, Azure DevOps Server, SteamVR
